

## Chemical Service Waiver & Consent

We're excited to work with you. Because colour, lightening, perms and other chemical services interact with your hair's unique history and condition, we ask every guest to read and sign this form before we begin. It helps us deliver the safest, healthiest result we can — please complete it and bring any questions to your stylist.

LAST CHEMICAL SERVICE (APPROX.)

### I UNDERSTAND AND ACKNOWLEDGE THAT:

- ☐ I have disclosed my hair's history — including any box colour, henna, previous lightening, keratin/relaxer treatments, or at-home products — and any known allergies or sensitivities to my stylist.
- ☐ Chemical services can carry risks. On compromised, previously treated or over-processed hair, breakage, uneven results or unexpected colour outcomes are possible despite my stylist's best professional care.
- ☐ Results are not guaranteed and may require more than one appointment. Lifting or correcting existing colour in particular can take multiple sessions to reach the desired result.
- ☐ A strand and/or patch test may be recommended; declining it is my choice and at my own risk.
- ☐ I will tell my stylist immediately if I feel any burning, itching or discomfort during the service.
- ☐ I am receiving this service voluntarily and release Artistic Salon and its staff from liability for results arising from my hair's condition or undisclosed history.
